

# Bathroom Cleaning Checklist

Gather all necessary cleaning supplies:

- All-purpose cleaner
- Bathroom cleaner
- Scrub brush
- Toilet brush
- Paper towels or rags
- Disinfectant spray
- Squeegee (for shower and mirror)

Clear the bathroom of any clutter or items that do not belong.

Start by cleaning the toilet:

- Spray toilet bowl cleaner inside the bowl and allow it to sit for a few minutes
- Use the toilet brush to scrub the bowl and under the rim
- Flush the toilet

Move on to the sink and countertops:

- Spray all-purpose cleaner on the sink, countertops, and faucet
- Wipe down surfaces with a rag or paper towel
- Use a scrub brush to remove any tough stains

Clean the shower and tub:

- Spray bathroom cleaner on the shower walls, doors, and tub
- Use a scrub brush to scrub the surfaces
- Rinse the shower and tub with water
- Use a squeegee to remove excess water from the shower walls and door

Clean the floor:

## **Bathroom Cleaning Checklist**

- Sweep or vacuum the floor to remove any debris
- Mop the floor with a bathroom-specific cleaner or all-purpose cleaner
- Rinse the floor with clean water and squeegee off the excess water

Disinfect the bathroom:

- Spray disinfectant spray on all surfaces, including the toilet seat, doorknobs, and light switches
- Allow the disinfectant to sit for the recommended amount of time on the label
- Wipe down surfaces with a clean rag or paper towel

Re-stock bathroom essentials such as toilet paper, soap and towel

Finally, open the window or turn on the exhaust fan to air out the bathroom.
